

MORAIN VALLEY COMMUNITY COLLEGE

NATIONAL SCIENCE FOUNDATION GRANT
Spring 2004
Peer/Corporate Mentoring Activities

Partial Support for this work was provided by the National Science Foundation's Advanced Technological Education Program under Award No. 0202256

February 1-27

Recruited members for the Big Sister Peer-Mentoring Program

Applications were distributed to the Mechanical Design Technology classes. Seventeen (17) students, fifteen from Moraine Valley and two from Illinois Valley Community College joined. Twelve (12) industry professionals/mentors from various disciplines joined the program as well. Nine (9) big sister-little sister groups were formed.

February 27

Held the Spring-2004 Peer-Mentoring dinner meeting

Eight student members, six corporate mentors and four MVCC faculty/staff attended the meeting.

- The short and long term objectives were discussed
- The Spring-2004 "Ask a Student/Mentor" Web group was formed.

March 15

The "Ask a Student/Mentor" Web Page was updated

The web page was updated to reflect the newly formed "Ask a Student/Mentor" Web group. Eight (8) students and ten (10) corporate mentors joined the group.
