

WOMEN IN MECHANICAL DESIGN TECHNOLOGY

Big Sister Peer-Mentoring Program

National Science Foundation Grant

MORAIN VALLEY COMMUNITY COLLEGE

Partial Support for this work was provided by the National Science Foundation's Advanced Technological Education Program under Award No. 0202256

The goals of the Big Sister Program are:

- To provide student-to-student guidance and support.
- To provide students with a source of information about the various CAD Programs from their peers.

A Big Sister can:

- Help you adjust to college life.
- Share her college/professional experiences with you.
- Provide support when you need it.
- Give information on classes.

If you would like to participate in the Big Sister Program, please complete the form below and return it to your instructor.
